Hutto, TX | (512) 947-1839 | alkhafajiaymen@gmail.com

TECHNICAL SKILLS

Threat Intelligence • Threat Hunting • AI Safety • Detection Engineering • Incident Response • OSINT • MITRE ATT&CK • Python • SQL • Linux • Fraud Detection • Automation • Intelligence Reporting • Risk Analysis

EXPERIENCE

THREAT INTELLIGENCE ANALYST | xAI | Apr 2024–Present

- Conducted 1,500+ threat investigations involving AI abuse, platform manipulation, and coordinated malicious activity.
- Developed Python automation that reduced manual investigation effort by 60%+.
- Designed detection logic improving detection rates while reducing false positives.
- Produced 100+ executive intelligence reports and threat actor assessments.
- Implemented mitigations removing ~300,000 high-risk accounts daily.

FRAUD PREVENTION SPECIALIST | Apple | Jul 2022–Apr 2024

- Investigated 10,000+ Apple Pay fraud cases using SQL, Python, and advanced risk tools.
- Helped prevent millions of dollars in potential fraud losses through proactive investigations.
- Partnered with engineering teams to improve fraud detection accuracy and reduce false positives.

FRAUD ANALYST | Apple | Oct 2019–Jul 2022

- Reviewed 20,000+ financial transactions while maintaining high quality and SLA compliance.
- Leveraged SQL to analyze transaction patterns and identify emerging fraud trends.
- Documented complex investigations in compliance with regulatory and internal standards.
- Collaborated with engineering and risk teams to improve fraud detection workflows.

SENIOR DATA ANALYST | Accenture | 2019

- Built automated reports and dashboards to improve operational visibility.
- Performed statistical analysis to identify process improvement opportunities.
- Partnered with stakeholders to translate data into actionable business recommendations.

DATA ANALYST | BCforward | 2018–2019

- Cleaned and validated large datasets to improve reporting accuracy.
- Created recurring KPI reports for executive leadership.
- Worked with cross-functional teams to optimize business processes using data insights.

EDUCATION

B.S. Computer Science | University of Baghdad | 2011–2015
